

## Instructors within the On- and Offshore Industry

*Are you one of the best in your field? Are you ready to share your experience?*

Maersk Training Esbjerg is a progressive company with outstanding opportunities for those with potential and we are searching for instructors to help us achieve our aims in our operational department.

Primarily our aims are directed against the Offshore Industry, the Maritime Sector and increasingly the Wind Power Industry.

You have a background as navigator. Teaching experience is not required but will of course be considered an advantage.

We are searching for a new Lead Instructor who will be responsible for our boat related courses. You will therefore be involved in practical learning sessions as well as writing/maintaining the necessary learning plans etc.

### We expect you to be:

- Structured
- Flexible
- Positive
- Skilled and prepared for teaching in Danish and English
- Capable of communicating and teaching in a professional and inspiring way.

### We can offer you:

- An exciting and challenging position in a dynamic organization with the prospects of personal and professional development.
- Much weight on your own function and own solutions
- Inspiring and professional colleagues all over the world
- Salary according to qualifications

Do you need more information about the position please contact:

Operation Manager Kenneth Holst at +45 6162 6790

Please forward your application with relevant documentation and e.g. a picture as soon as possible to:

Maersk Training Esbjerg A/S  
Ravnevej 9  
6705 Esbjerg Ø  
Mrk.: Instructor

You are also welcome to forward your application per mail to: [Kki015@maersktraining.com](mailto:Kki015@maersktraining.com)

As the first training establishment to be awarded a DNV Certificate of Excellence, we now have branches in Newcastle and Aberdeen in Britain, Stavanger in Norway, Nigeria and India as well as in Esbjerg and at the headquarters in Svendborg, Denmark.
